

Mortgage Loan Recast – Fact Sheet

Did you know you may be able to lower your monthly payment without the stress of refinancing?

You may qualify for the chance to lower your monthly payment by recasting, or “re-amortizing”, your current home loan, avoiding the hassle and expense of refinancing.

How loan recasting works:

A recast is when you apply an additional sum of money to substantially reduce the unpaid principal balance of your loan, and as a result lower the monthly payment. Recasting is simple:

- > If your loan qualifies, we will recalculate your monthly payment based on the lower principal balance, using the original terms (interest rate and length of term) of your mortgage loan
- > By re-amortizing the loan on the new loan balance, your monthly payment will be lower

Is my loan eligible?

Below are a few of the eligibility requirements your loan must meet in order to be reviewed to be re-amortized:

- > Principal reduction of at least \$5,000 (over and beyond the loan’s original amortization schedule)
- > Senior Lien (1st mortgage)
- > Conventional mortgage (FHA, VA, and Rural Development loans are not eligible under this program)
- > Current with no outstanding amounts due
- > No past due payments within the last 12 months
- > 90 days prior to any scheduled Adjustable Rate payment changes

How to get started:

Simply complete, sign, and return the attached Mortgage Loan Recast Application (all original signors of the original Note must sign this application).

What happens next?

- > We will review your submitted Mortgage Loan Recast Application to make sure you qualify
- > If you qualify, you will receive a Mortgage Loan Recast Agreement, which will include your new monthly payment amount, within 15 days
- > You should then execute, notarize and return the Mortgage Loan Recast Agreement, along with the lump sum payment, and a one-time recast fee of \$500
- > Your new monthly mortgage payment amount will begin on the effective date specified on the Mortgage Loan Recast Agreement

Before requesting a loan recast, as a borrower, you should consider your goals and options.

- > If your main goal is to reduce your monthly payments rather than pay your loan off faster, then a recast could be a good option for you.
- > If your main goal is to limit the amount of interest paid and pay off your loan sooner, then a recast may not be a good fit for you.

Note: Do not send funds for a Recast until you have received Confirmation of Eligibility for the program and the written Recast Agreement.
